Launch-grade websites and a 24/7 AI receptionist, **built, hosted, and looked after by a real person**. Pick the path that fits: a lower start-up cost with a simple monthly plan, or pay once and own it outright.

PATH A · MOST POPULAR

Lower upfront + monthly

A smaller build fee, then a flat monthly plan. We host it, keep it secure and updated, and handle support, so you never think about it.

PATH B · ONE & DONE

Higher one-time, you own it

Pay once, no monthly. After a support window we hand the site to your own hosting. Changes later are billed as needed.

COMMON QUESTIONS

What does the monthly cover?
Hosting, security monitoring, updates, and the support hours listed, so everything keeps running without you thinking about it.

Do I own my website?
Yes. On the one-time option you own it outright and we transfer it to your hosting. On the monthly plan we host and maintain it for you.

Why is the one-time price higher?
With no monthly plan we do not host or maintain it. The higher one-time covers the full build plus handoff to your own hosting.

How long is the commitment?
Websites run on a 6-month plan. The Growth Bundle and Teams also run on 6 months, or yearly if you prefer. The stand-alone AI Receptionist runs on a 12-month plan. At the end of a term it renews for the same length unless either of us gives 30 days written notice before it ends.

What if I only want the AI receptionist?
That is a stand-alone product: $1,500 to build plus $299/mo on a 12-month plan. No website needed.

How long does it take?
Landing pages in about 3 to 5 days. Full sites in roughly 2 to 4 weeks.

GOOD TO KNOW

- All prices in USD. Monthly plans are billed monthly for the term shown on each product.
- "Build & launch" fees are one-time and cover design, configuration, and go-live.
- Monthly website plans include hosting, SSL, security monitoring and the listed support hours. Extra work is $150/hr.
- One-time (no-monthly) sites include a 30 to 60 day support window, then changes are billed as needed.
- AI Receptionist monthly covers normal small-business call volume.
- Annual option: pay 12 months up front and we waive the build fee on the Growth Bundle.
